

<https://overpass-turbo.eu/>

The screenshot shows the Overpass Turbo interface. At the top, there are buttons for Run, Share, Export, Wizard, Save, Load, Settings, Help, and a search bar containing "overpass turbo". To the right of the search bar are "Map" and "Data" buttons. The main area is a map of Florence, Italy, with many blue circles scattered across it, representing locations where "amenity=drinking\_water". A "Query Wizard" dialog box is open in the center-left, containing the query "amenity=drinking\_water". Below the query, it says "The [wizard](#) assists you with creating Overpass queries. Here are some usage examples:" followed by a bulleted list: "• Drinking Water", "• highway=\* and type:way", and "• tourism=museum in Vienna". At the bottom of the wizard dialog are three buttons: "build query", "build and run query", and "cancel". In the bottom right corner of the map area, there is text: "Loaded - nodes: 68, ways: 0, relations: 0" and "Displayed - pols: 68, lines: 0, polygons: 0".

## ESTRAZIONE DATI / 3 OVERPASS TURBO

**ESERCIZIO:** Trovare tutte le fontane attorno di una particolare zona usando il WIZARD di OVERPASS TURBO

<https://overpass-turbo.eu/>

The screenshot shows the Overpass Turbo interface. At the top, there is a navigation bar with the OpenStreetMap logo, Edit, History, Export, More, Log In, and Sign Up buttons. Below the navigation bar is a search bar with the placeholder "Search" and a "Go" button. To the right of the search bar is a map of a residential area with several streets labeled: Via di Falesia, Viale Casapieri, SP30, Via Giuseppe Verdi, Via dei Molini, and Via di Falesia. A red box highlights the "Cliff Falesia di Avane" entry in the "Nearby features" list. A large pink arrow points from this entry to a red-bordered inset map in the center. This inset map shows a green area with a red outline and a small green icon of a person climbing a cliff. The word "SEARCH" is written in large pink letters above the inset map. Another red arrow points from the inset map to a small red-bordered box containing a question mark icon in the bottom right corner of the main map area.

**ESERCIZIO:** Trovare tutte le falesie di arrampicata di una zona. Da OSM interfaccia trovo una element come quello che cerco. Guardo i TAG. Uso i TAG per effettuare una query su OVERPASS.

<https://overpass-turbo.eu/>

The screenshot shows the OpenStreetMap interface with a search bar and navigation tools. A modal window displays information about a way named "Falesia di Avane (215304016)". The modal includes a "fix tag" button, a timestamp ("Edited 3 months ago by Mariusz Staniszewski"), and a version number ("Version #7 · Changeset #57255615"). Below this is a "Tags" section containing the following key-value pairs:

climbing:grade:french: max	7c+
climbing:grade:french: min	3a
climbing:rock	limestone
climbing:sport	200
name	Falesia di Avane
natural	cliff
sport	climbing

Pink arrows point from the "natural" and "sport" tags in the modal to the corresponding "natural" and "sport" tags on the map. The map shows a green area representing a cliff face with a red line indicating the climbing route. Labels on the map include "TAG", "Viale Casapieri", "Viale delle Terme", "Valle dei Porci", "Castello di Rosaiolo", "Poccanello", and "Falesia di Avane".

The map displays the coastal town of Finale Ligure and its surroundings. Numerous blue circles of varying sizes are scattered across the terrain, representing climbing routes. Labels for various locations include Calice Ligure, Finalborgo, Borgio Verezz, Verezzi, Monte Grosso, Monte Tolla, San Bernardino, Calvisio, Bric Reseghe, Bric Ercea, Bric Pianarella, Bric Grimaldo, Bric delle Rive, Bric Care, Bric del Monti, Bric dei Crovi, and Vozze. Roads like SP23, SP17, SP490, A10, and SS1 are shown, along with the Autostada del Fior. The coastline features towns like Gorrà, Final Ligure, and Varigotti. A legend in the bottom right corner indicates the count of loaded and displayed data elements.

Loaded – nodes: 240, ways: 3, relations: 0
